

Instructions for Petition Signing

****Very important that you follow instructions! ****

- If you are going to circulate a petition you must be a Registered Elector in the City of Pueblo.
- The individual signing the petition must be a registered elector in the City of Pueblo. They cannot live in the County and sign the petition.
- If you live in the county you can't circulate a petition.
- Take your time and make sure that the individual signing the petition fills in (Signature, Printed Name, Full address including City of Pueblo zip code, date).
- Only one person can circulate the petition assigned. You cannot allow another person to circulate your petition.
- You must always have control of your petition. Don't let it out of your sight.
- Allow the person signing the petition enough time to read the summary of the initiative.
- Do not correct any errors the signer may make; allow them to correct their own errors.
- Do not detach the sheets in your petition or separate the staple; this will make the petition invalid.
- The petition section number applies to the total packet that you have been given. If you have petition number one all page in your section should be designated as number one.
- Once you have gathered as many signatures as you can, or have filled your entire petition you must wait to sign the last page before our Notary Public. Do not sign the Affidavit (Last Page) without being in front of a valid Notary Public (Ted Lopez will be acting as our Notary).
- Once you have completed collecting a petition and wish to turn it in please contact Chris Nicoll 543-5124 or Ted Lopez 542-2500. We will arrange to have a time where you will be able to sign the last page in front of Ted as Notary Public and turn in your petition. Please call if you would like more petitions to hand out.

Thanks for everyone's help in this important effort. – Chris Nicoll
